

Whipping IC63/IC59

Andrews H., Peeters E., Tielens A., Okada Y.

IC59

Star γ Cas
(known as Tsih, 'the Whip')

Poster
#135

IC63

- IC63 and IC59 are low G_0 PDRs (contrary to previous studies)
- IC63 and IC59 are 3—5 times farther away than their projected distance to the star
- The cometary shape of IC59 is mostly the result of projection effects
