

Cosmic Dust: origin, applications & implications

Tuesday, June 12, 2018

Observational constraints on dust properties: Observational constraints on dust properties - Main Auditorium (2:15 PM - 3:35 PM)

-Conveners: Elisa Costantini

time	[id] title	presenter
2:15 PM	[M1] Observational constraints on dust properties	Prof. DRAINE, Bruce
3:00 PM	[M1] A new window on Interstellar Silicates	ZEEGERS, Sascha

Observational constraints on dust properties - Main Auditorium (4:05 PM - 4:55 PM)

-Conveners: Elisa Costantini

time	[id] title	presenter
4:05 PM	[M16] Constraining dust mineralogy from mid-IR spectra	Dr SCICLUNA, Peter
4:30 PM	[M07] Investigating Silicate Dust in Galaxies Using Quasar Absorption Systems	Prof. ALLER, Monique
