

Cosmic Dust: origin, applications & implications

Wednesday 13 June 2018

Laboratory studies of cosmic dust: Laboratory studies of dust - Main Auditorium (10:50 - 12:35)

-Conveners: Raffaella Schneider

| time | [id] title | presenter |
|-------|--|--------------------|
| 10:50 | [8] Laboratory Experiments on Cosmic Dust | Dr JÄGER, Cornelia |
| 11:35 | [9] How laboratory experiments can help in studying cosmic PAHs | JOBLIN, Christine |
| 12:10 | [37] Formation of molecules on cosmic dust grains: a laboratory view | POTAPOV, Alexey |

Laboratory studies of cosmic dust: Laboratory studies of dust - Main Auditorium (14:00 - 14:25)

-Conveners: Raffaella Schneider

| time | [id] title | presenter |
|-------|---|--------------------|
| 14:00 | [72] Determining the systematic errors in fits of dust thermal emission: the role of laboratory data in upcoming models | Dr FANCIULLO, Lapo |
