The screenshot shows the GitLab interface for the repository 'TDAQ-HTT'. The left sidebar contains navigation links: Overview, Details, Activity, Cycle Analytics, Repository, Registry, Issues, Merge Requests, CI / CD, and Settings. The main content area displays the repository details, including the name 'TDAQ-HTT', a 'Create merge request' button, and a list of files. A red circle highlights the 'master' branch dropdown menu, and a red arrow points to the text 'Change this to spec_document'.

Step 1
Change this to `spec_document`
