

The 8th International Ice Drill Symposium

Monday, 30 September 2019 - Thursday, 3 October 2019

The Royal Danish Academy of Sciences and Letters

Scientific Programme

The symposium will include oral and poster sessions, and will provide a friendly and intellectually stimulating environment to facilitate face-to-face interactions and networking.

Additional activities will include an opening reception, a banquet dinner and a mid-symposium afternoon excursion.

The afternoon excursion including the conference dinner is planned for Wednesday October 2nd afternoon.

In the left hand menu please click "Time table" to see the conference schedule.

Please notice, that poster presentations are shown with consecutive time intervals. This is only for technical reasons, all posters will be displayed at the same time during the poster session assigned.

If you wish to read the abstracts please click on the oral/poster presentation in the time table, or go to "contribution list" in the left hand menu.
