

The 8th International Ice Drill Symposium

Monday 30 September 2019

Session 1: Session (09:00 - 12:00)

time	[id] title	presenter
09:00	[92] Welcome	Mrs DAHL-JENSEN, Dorthe Mr HANSEN, Steffen Bo
09:20	[57] The BEAMISH hot water drill	Mr ANKER, Paul
09:40	[60] Deep subglacial access: an assessment of past hot water drilling failures and recent successes	MAKINSON, Keith
10:00	Coffee	
10:40	[86] Greenland deep boreholes inform on sliding and deformation of the basal ice	Prof. DAHL-JENSEN, Dorthe
11:00	[17] Optimization of Drill Head Structure and Drilling Parameters of Hot-Water Ice-Coring Drill	Prof. WANG, Rusheng
11:20	[59] subglaciator drilling probe : lesson learn	Mr ALEMANY, olivier
11:40	[48] Sub-glacial Drilling at Pirrit Hills, Antarctica	Mr KUHL, Tanner
