

The Beginning and Ends of Double White Dwarfs

Friday, 5 July 2019

Mergers: Numerical Modeling - Main Auditorium (09:30 - 10:50)

-Conveners: Silvia Toonen

time	[id] title	presenter
09:30	[39] The Long-Lived Remnants of Massive White Dwarf Mergers	SCHWAB, Josiah
09:50	[51] Towards a complete picture of white dwarf merger outcomes	ISTRATE, Alina
10:10	[12] The Role of Dredge-up in Double White Dwarf Mergers	STAFF, Jan
10:30	[5] Evolving R Coronae Borealis Stars with MESA	CHATZOPOULOS, Emmanouil

Mergers: Observational Evidence - Main Auditorium (11:30 - 12:30)

-Conveners: Tom Marsh

time	[id] title	presenter
11:30	[7] A white dwarf with an unusual composition as a possible product of a binary merger	Dr HOLLANDS, Mark
12:10	[26] Double white dwarf merger remnants as low frequency gravitational wave sources	Dr YOSHIDA, Shin
