

Investigation on passing on b.sc. courses

Kim Lefmann

NBI Teachers Meeting, 5/2 2021

The investigation

Hypothesis: Students stumble over particular b.sc. courses

Politics: We MUST reduce dropout

Investigation: Passing and grading for courses

Number of exam attempts

Student progression and study time

Investigator: Study Board, Study Leaders

...backed by NBI Management

Work plan

Draw (anonymized) exam information per student

...for mandatory courses, last 5 years;

...Physics and Nanoscience b.sc.

Data collected by Science

...possibly iterative

Analysis and report written by us

...interpretation will be discussed in this forum

Open question: Select on b.sc. starting year or finishing year

Open question: Include b.sc. thesis?
