

NBIA Workshop on Radiation Transfer in Astrophysics

Thursday, 9 June 2022

Tidal Disruption Events (13:30 - 17:05)

time	[id] title	presenter
13:30	[39] Modeling disks and emissions of tidal disruption events	DAI, Jane
13:50	[40] Eccentric tidal disruption event discs around supermassive black holes: dynamics and thermal emission	ZANAZZI, John
14:10	[44] The origin of TDE emission	STEINBERG, Elad
14:30	Coffee Break	
15:30	[90] First light from tidal disruption events	BONNEROT, Clément
15:50	[89] High-energy neutrino emission associated with tidal disruption events	HAYASAKI, Kimitake
16:10	[83] Spectral modeling of flares following tidal disruptions of stars by supermassive black holes	ROTH, Nathaniel
