REMINDER ABOUT BUFFALO POLICIES

RESPECT, TOLERANCE, PATIENCE, AND REFLECTION

CODE OF CONDUCT

- Written language is different from oral language - please reread your emails before sending them to avoid confusion, interpretation of rudeness, condescendence, bullying, etc
- All of us are different, different mother tongue, different cultural background, etc.
- The person in front of you deserves respect no matter the situation.
- Try to use non-discriminatory language.
- Avoid stereotypes and patronizing expressions.
- Talk slower, not louder, and speak clearly, not forcefully.
- Always wait before responding and listen attentively, concentrate on the content
