

## 2nd Workshop on Cloud Organization (WCO2)

### Tuesday, 17 May 2022

#### Shallow convection: session 6 + discussion (Pier Siebesma) - Public Library (15:15 - 17:00)

time	[id] title	presenter
15:15	[61] Properties and transitions of mesoscale convective organisation during EUREC4A using unsupervised learning	DENBY, Leif
15:30	[20] Observations and simulations of stable water isotopes and their link to the mesoscale organization of shallow trade-wind clouds	VILLIGER, Leonie
15:45	[66] Cloud response to higher warming conditions over the Tropical Atlantic using the COSMO model	Dr TORRES-ALAVEZ, Abraham
16:00	[78] Tuesday discussion (Sandrine Bony, Bjorn Stevens, Pier Siebesma)
