

6th ICM Theory and Computation Workshop

Thursday, 18 August 2022

Thursday afternoon: Connecting solar wind and ICM physics (13:45 - 15:55)

-Conveners: Alexander Schekochihin

time	[id] title	presenter
13:45	[73] Recent progress in plasma turbulence, heating, and related processes, from solar wind observations	CHEN, Christopher
14:20	[44] Particle Energization at Collisionless Shock Waves and Particle Transport in the Interplanetary Medium	WILSON, Lynn
14:45	Coffee break	
15:15	Discussion: Connecting solar wind and ICM physics
