

26th Capra Meeting on Radiation Reaction in General Relativity

Thursday, 6 July 2023

Thursday Morning: Talks - Chr. Hansen Auditorium (09:00 - 10:20)

-Conveners: Laura Sberna

time	[id] title	presenter
09:20	[76] Tidal heating in eccentric and inclined orbits	DATTA, Sayak
09:40	[66] Adiabatically compressed wave dark matter halo and intermediate-mass ratio inspirals	XUE, Xiao
10:00	[54] EMRIs in ultralight bosonic environments	DUQUE, Francisco

Thursday Morning: Talks - Chr. Hansen Auditorium (11:00 - 12:00)

-Conveners: Laura Sberna

time	[id] title	presenter
11:00	[53] Detecting scalar charge with EMIRs	SOTIRIOU, Thomas
11:20	[57] Detecting massive scalar fields with Extreme Mass Ratio Inspirals and LISA	BARSANTI, Susanna
11:40	[44] Self-Force in Scalar-Tensor Theories of Gravity: Perturbative Approach Beyond Linear Order (Remote)	SPIERS, Andrew
