

26th Capra Meeting on Radiation Reaction in General Relativity

Tuesday, 4 July 2023

Poster session: Poster session - Chr. Hansen Auditorium (15:20 - 16:00)

[id] title	presenter	board
[96] Tidal effects in GR and beyond: novel scalar-tensor Love numbers and dynamical response from scattering	GRECI, Gastón	
[99] Radiation Reaction in de Sitter spacetime	SHETYE, Omkar	
[97] Prospects for observing extra dimensions in gravitational waves	KUMAR, Shailesh	
[98] A New Approach to Post-Newtonian Gravity	MUSAEUS, Jørgen	
[100] Electromagnetic tail and when it is negligible	TURSUNOV, Arman	
[101] Dipolar tidal effects in gravitational waves from scalarized black hole binary inspirals in quadratic gravity	VAN GEMEREN, Iris	
[102] A perturbative approach to understanding ultrarelativistic motion using the Penrose limit	VASWANI, Aditya
