

Session Program

17-21 Jul 2023

	<i>Here,</i>	PhD Summer School on Neutrinos
	<i>There &</i>	July 17-21, 2023
	<i>Everywhere</i>	Niels Bohr Institute, Copenhagen

NBIA Summer School on Neutrinos: Here, There & Everywhere

Topical Seminar

Niels Bohr Institute, Auditorium A
Blegdamsvej 17 DK-2100 Copenhagen

Monday 17 July

13:30

14:00

Topical Seminar

Session | **Location:** NBI, Auditorium A

13:30–14:00

Exploring the dark Universe with gravitational waves

Speaker

Jose Maria Ezquiaga

Tuesday 18 July

13:30

14:00

Topical Seminar

Session | **Location:** NBI, Auditorium A

13:30–14:00

Diffusive shock acceleration and multi-messenger radiation from wind bubbles

Speaker

Enrico Peretti

Wednesday 19 July

13:30

14:00

Topical Seminar

Session | **Location:** NBI, Auditorium A

13:30–14:00

Neutrino constraints from gamma-ray bursts

Speaker

Annika Rudolph

Thursday 20 July

13:30

14:00

Topical Seminar

Session | **Location:** NBI, Auditorium A

13:30–14:00

Near-future discovery of point sources of ultra-high-energy neutrinos

Speaker

Damiano Fiorillo

Friday 21 July

11:00
11:30

Topical Seminar

Session | Location: NBI, Auditorium A

11:00–11:30 Coherent forward scattering of neutrinos

Speaker

Shashank Shalgar
