

3rd Annual Niels Bohr Institute MSc. Student Symposium

Friday, 14 June 2024

Poster session: Enjoy the posters! - Auditorium 3 & Hall (15:30 - 17:30)

time	[id] title	presenter
15:30	[6] SALSA Virtual A virtual neutron scattering instrument	
15:30	[12] Topological Data Analysis of Phase Transitions in Soft Active Matter Systems	
15:30	[7] Sub-GeV Dark Matter and Proton Interaction in the Active Galactic Nucleus NGC 1068.	
15:30	[13] Full Spectrum Modeling in AGN Galaxies Using Penalized Pixel-Fitting	
15:30	[3] Analyzing Neutron Scattering Data on the Excitations in the Spin 1 Haldane System NENP	
15:30	[10] Investigating physical parameters of protostellar systems
