

Non-ideal MHD, Stability, and Dissipation in Protoplanetary Disks

Thursday, 7 August 2014

Thursday Morning - Auditorium A (09:00 - 12:30)

-Conveners: Mark Wardle

time	[id] title	presenter
09:00	[5] Signatures of accretion and MRI in protostellar disks	Prof. GOODMAN, Jeremy
09:30	[11] Observational Signatures of MRI-driven Turbulence in Protoplanetary Disks: Connecting Numerical Simulations with ALMA	Dr SIMON, Jacob
10:00	Coffee Break	
10:30	[17] The Effects of Far-UV Irradiation on the Thermal Structure of Disks	Dr RAMSEY, Jon
11:00	[8] Structures and Dynamics in the Outer Regions of Turbulent Protoplanetary Disks.	Dr FLOCK, Mario
11:30	[34] Discussion VI
