

3rd ICM Theory and Computation Workshop

Tuesday, 12 August 2014

Tuesday afternoon - Auditorium A (13:45 - 16:30)

-Conveners: Alexander Schekochihin

time	[id] title	presenter
13:45	[28] Magnetohydrodynamics in a Weakly Collisional Intracluster Medium	Prof. STONE, James
14:10	[27] Magnetic fields and the Helium content in the intracluster medium	Mr BERLOK, Thomas
14:35	Coffee break	
15:05	[6] Fluid flow experiments in galaxy clusters: Using cluster galaxies and minor mergers as probes for transport coefficients of the ICM	Dr ROEDIGER, Elke
15:30	[2] Evolution (or not) of Cool Cores	VOIT, Mark
15:55	Discussion
