

Session Program

29 June 2009 to 3 July 2009

Current Problems in Extragalactic Dust

Dust Production

Niels Bohr Institute, Auditorium A
Blegdamsvej 17 DK-2100 Copenhagen Ø

Tuesday 30 June

09:30

Dust Production

Session | **Location:** Niels Bohr Institute, Auditorium A, Blegdamsvej 17 DK-2100 Copenhagen Ø

09:30-10:00 Overview 1 of Dust production - SNe

Speaker

Dr Rubina Kotak

Location

Niels Bohr Institute, Auditorium A, Blegdamsvej 17 DK-2100 Copenhagen Ø

10:30-10:50 Grain shattering and coagulation in the interstellar medium

Speaker

Dr Hiroyuki Hirashita

Location

Niels Bohr Institute, Auditorium A, Blegdamsvej 17 DK-2100 Copenhagen Ø

11:15-11:45 break

11:45-12:05 Cold dust in supernova remnants - the elephant in the room?

Speaker

Dr Loretta Dunne

Location

Niels Bohr Institute, Auditorium A, Blegdamsvej 17 DK-2100 Copenhagen Ø

12:25-12:45 Dust formation and survival in supernovae

Speaker

Dr Simone Bianchi

Location

Niels Bohr Institute, Auditorium A, Blegdamsvej 17 DK-2100 Copenhagen Ø

13:00
