

Current Problems in Extragalactic Dust

Wednesday, 1 July 2009

Extinction curves and emission properties - Auditorium A (09:30 - 13:00)

time	[id] title	presenter
09:30	[8] Overview 1 of extinction and emission properties	Dr ELÍASDÓTTIR, Árdís
10:30	[10] Extinction properties of dust toward GRBs	Dr LAZZATI, Davide
11:15	break	
11:45	[28] Modelling the spectral energy distributions of sub-mm galaxies	Mr MICHALOWSKI, Michal
12:25	[11] The 2175 Å feature / CI connection	Dr MALESANI, Daniele
